The Principal reminiscences....

This edition of the Voyager is special indeed..for the Voyager has been a silent witness to the thirty years of Sishya's enviable journey of the relentless pursuit for excellence!! Thirty years is marked as a PEARL ANNIVERSARY..to us ..our experiences have become those numerous ,precious pearls of wisdom –that like the pearls in the oyster- have been meticulously formed out of our past –mistakes and successes.

There are many precious lessons we have learnt-we have allowed our failures to become our beacons for the future and our success stories are light houses to guide us into the fathomless future!!

At this juncture-it is appropriate to acknowledge and appreciate the countless people –who as co-travellers in this journey –have led us to where we stand today!! Starting from humble thatched roofs in 1989-with faith and determination as our guiding lamps-we have moved 2 more campuses since then. At Thally Road-many a marvel has been witnessed!! Now in the new campus at Mugalur-we have all the world class facilities one can boast of and we are humbled by the Grace showered by the Almighty to have bestowed His wondrous grandeur on us!!

The Founding Fathers of the SISHYA EDUCATIONAL TRUST,HOSUR-way back in 1989-laid that foundation and envisioned the future!! Today some them are with us and some not with us physically. Nevertheless-their role stands as exemplars to any Institution in more ways than one. Our focus on quality education and the sheer transparency in all we do with unrelenting emphasis on integrity in all that we involve in-is what makes all our hearts swell with pride!

Our alumnus is another of the feathers in our cap—every student is right now contributing to nation building and we can visualize the Sishya Flag flying high everywhere!! Today,in leading organizations in the corporate world- Sishya has been individually acknowledged for the uniqueness that is seen in our students!! They stand apart- everywhere-and this is what makes this journey worthwhile!!

I would like to acknowledge the team of Sishya Gurus –who in true style-have nurtured every Sishyan into what they are—wholesome and holistic personalities who lead at every level they are in-and continue to inspire many more outside our ambit!!

I thank the Almighty-who has been so gracious to shower His munificence on our School over these years and will continue to do so and bless every individual who walks these timeless corridors!!

The Voyager is immortal as it carries a lifelong cargo with destinations that are changing with time and needs!! The Captain of the ship of the crew may be relieved as felt appropriate –but the journey goes on-with CREDIBILITY-WITH COURAGE AND CONVICTION- so as to enable every member to SEEK-STRIVE AND SUCCEED!! Best wishes and blessings!
