We take immense pride in presenting the first phase of the Voyager’s journey for this year.

This year has been abuzz with myriads of activities and special programmes in the School Assembly. Capturing these precious moments and collating them has not been the easiest of tasks. Besides write-ups that had to be brief yet informative the frozen moments needed to be fitted in. I congratulate the entire team in Sishya that has been behind this presentation.

We are working with a theme—LOVE ALL–SERVE ALL. Though simple—this theme encompasses a whole lot of values and attitudes that we are exploring through Bulletin Board presentations and competitions under SISHYOTSAV. We are sure our young Sishyans will internalize these precious explorations and expositions and make them life-long learning.

Happy Exploration with the Voyager!!
